Current Issues in Anatomic Pathology:

May 27–29, 2004
Grand Hyatt • Union Square
San Francisco
This annual course addresses a wide range of topics in anatomic pathology and explores new and evolving areas in the diagnosis and analysis of disease. It aims to provide the latest practical and theoretical information that will aid the practicing pathologist in solving those problems most often encountered in the anatomic pathology laboratory. During the three-day course, microscopes will be available in an adjacent room to view the recently described and interesting cases that will be discussed by the faculty. Participants will be able to register for either the entire three day meeting or for any combination of individual one day blocks.

Educational Objectives
Overall objectives: To provide an update on current criteria for diagnosis of problem areas in anatomic pathology, including surgical pathology and cytopathology.

Specific Lecture Objectives:

Neuropathology
• To understand the WHO classification of brain tumors
• To learn criteria for the diagnosis of problem CNS lesions
• To learn criteria for the diagnosis and differentiation of problem CNS tumors on permanent sections

Dermatopathology
• To learn the distinction of fibrous histiocytoma from dermatofibrosarcoma protuberans
• To learn the diagnostic problems in cutaneous HPV infections
• To distinguish mycosis fungoides from its histologic mimics
• To discuss problem diagnostic features of dysplastic nevi

Immunohistochemistry
• To understand how to effectively utilize immunohistochemistry in dermatopathology
• To learn how to use immunohistochemistry to solve diagnostic problems regarding primary sites for metastatic carcinoma and for identification of large cell undifferentiated tumors
• To learn how to effectively use immunohistochemistry in the diagnosis of bone marrow lesions and in lymphomas

Gastrointestinal and Liver
• To learn the updated criteria for the diagnosis of celiac sprue and other entities with intraepithelial lymphocytosis of the small bowel
• To review and discuss problem cases in liver pathology in small group tutorial in order to learn criteria for diagnosis

Bone / Soft Tissue
• To discuss and learn new criteria for the diagnosis of pseudotumors of bone and soft tissue as well as pseudosarcomatous proliferations of soft tissue
• To discuss and learn criteria for new pathologic findings in joint disease
• To learn updates in the diagnosis of myxoid lesions of soft tissue

Gynecologic
• To discuss and review criteria as well as learn new updates in the diagnosis of problem areas in gynecologic pathology (general and including gestational trophoblastic disease) as derived from problems submitted for consultation to faculty experts
• To learn updates on uterine cervical patholody and the role of human papilloma virus testing

Genitourinary Pathology
• To update criteria on the diagnosis of teratoma
• To learn how to identify changes in prostate tissue due to therapy for carcinoma

Pulmonary Pathology
• To review the impact of Dr. Charles Carrington on the practice of lung pathology and how that has played a role in our current practice
• To discuss and learn criteria for the diagnosis of the changes in the lung in the collagen vascular diseases
• To learn the latest criteria for diagnosis of selected problem areas of interstitial lung disease by review of cases in a small group tutorial

Breast
• To contrast and learn criteria for the diagnosis of carcinoma and mimics such as problem mucocele-like lesions and solid-papillary DCIS versus florid hyperplasia
• To discuss and learn criteria for the diagnosis of difficult columnar cell lesions

Accreditation
The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Nurse Credit - The California State Board of Registered Nursing accepts courses approved for AMA PRA category 1 credit as meeting the continuing education requirements for renewal. Nurses from states other than California should inquire with their local state board for specific continuing education policies.
Cytology Seminar

May 26, 2004  Enrollment in this seminar is limited to 18 persons and will be determined on a first-come, first-served basis. The seminar will be held on the University of California, San Francisco campus in room HSW-532. Shuttle service will be provided between the Grand Hyatt and UCSF.

Seminar registration fee: $250.00
Please call the registration office (415-476-5808) to verify space is available before sending payment for the Cytology Seminar.

Cytology Faculty

CYTOLOGY COURSE CHAIR
Imok Cha, MD
Associate Clinical Professor of Pathology, UCSF

STANFORD FACULTY
Christina S. Kong, MD
Assistant Professor of Pathology
Kent W. Nowels, MD
Associate Professor of Pathology

UCSF FACULTY
Frederick L. Baehner, MD
Assistant Professor of Pathology
Teresa M. Darragh, MD
Professor of Pathology
Gioia Iezza, MD
Assistant Professor of Pathology
Kirk D. Jones, MD
Assistant Professor of Pathology
Theodore R. Miller, MD
Professor of Pathology
Z. Laura Tabatabai, MD
Assistant Professor of Pathology

Seminar Schedule

WEDNESDAY, MAY 26

7:45 am  Shuttle Leaves Grand Hyatt for UCSF
8:10 am  Registration, Coffee and Greetings
8:30 am  Concurrent Sessions
  a. Microscopic Tutorial: Diagnostic Problems in Breast FNA
         Christina Kong, MD
  b. Microscopic Tutorial: Salivary Gland FNA
         Theodore Miller, MD
10:00 am  Break
10:15 am  Concurrent Sessions
  a. Microscopic Tutorial: Pap Smears: Squamous and Glandular
         Lesions
         Teresa Darragh, MD
  b. Microscopic Tutorial: Challenging Cases in Soft Tissue FNA
         Gioia Iezza, MD
11:45 am  Lunch
12:45 pm  Workshop: Improving FNA Technique and Smear Preparation
         Kirk Jones, MD, Laura Tabatabai, MD, Frederic Baehner, MD
2:15 pm  Concurrent Sessions
  a. Microscopic Tutorial: Salivary Gland FNA
         Theodore Miller, MD
  b. Microscopic Tutorial: Pap Smears: Squamous and Glandular
         Lesions
         Teresa Darragh, MD
3:45 pm  Break
4:00 pm  Concurrent Sessions:
  a. Microscopic Tutorial: Challenging Cases in Soft Tissue FNA
         Gioia Iezza, MD
  b. Microscopic Tutorial: Diagnostic Problems in Breast FNA
         Kent Nowels, MD
5:30 pm  Shuttle departs UCSF for Hotel

### General Information

Pre-registration is preferred to ensure that registrants receive a syllabus and CME Certificate at the course.

**Tuition:**
- $610 Physicians
- $230 Physicians Day Rate
- $250 Cytology Seminar

**Register Via:**
- Online: www.cme.ucsf.edu

**$275 Interns/Residents/Fellows**
- Physicians

**$100 Interns/Residents/Fellows Day Rate**
- Physicians Day Rate

Physicians in training must include a letter of verification from training program with registration to qualify for reduced tuition fee.

Payment can be made by Visa, MasterCard or check.
Friday, May 28

GYNECOLOGIC PATHOLOGY (CONT’D) – MODERATOR: CHARLES J. ZALOUGEK
1:30 – 2:10 Diagnostic Dilemmas in Gynecologic Pathology: Cases Commonly Encountered in a Consultation Practice
Michael R. Hendrickson
2:15 – 2:55 Diagnostic Problems in Gestational Trophoblastic Disease
Charles J. Zaloudek
3:00 – 3:20 Break
BONE AND JOINT – MODERATOR: LINDA D. FERRELL
3:20 – 5:00 Tumor-like (pseudotumors) of Bone and Soft Tissue and What’s New in Joint Pathology
Edward F. McCarthy
5:15 – 6:15 Cocktail Reception – 36th Floor

GENITOURINARY PATHOLOGY- MODERATOR: ROBERT V. ROUSE
8:30 – 9:15 Thoughts and Tips on Types of Teratomas
Robert V. Rouse
9:20 – 9:50 Changes in Prostate Biopsies After Therapy for Carcinoma
Jeffry P. Simko
9:55 – 10:20 Break
BREAST – MODERATOR: RICHARD K. SIBLEY
10:20 – 10:50 Difficult to Recognize Cancers and Their Mimics
Yunn-Yi Chen
10:55 – 12:00 pm Carrington Lectureship: Charles Carrington and Lung Pathology: Then and Now
Stephen J. Galli
12:00 – 1:30 Carrington Lectureship Luncheon – 36th Floor

LUNG (CONT’D) – MODERATOR: RICHARD K. SIBLEY
1:30 – 2:10 Lung involvement in the Collagen Vascular Diseases
Thomas V. Colby
2:15 – 2:55 Problems in the Diagnosis of Columnar Cell Lesions in the Breast
Richard K. Sibley
3:00 – 3:15 Break
3:15 – 3:45 An Approach to the Diagnosis of Pseudosarcomatous Proliferations
Jesse K. McKenney
3:50 – 4:55 Myxoid Lesions of Soft Tissue
Richard L. Kempson
5:00 Adjourn

Saturday, May 29

GENITOURINARY PATHOLOGY- MODERATOR: ROBERT V. ROUSE
8:30 – 9:15 Thoughts and Tips on Types of Teratomas
Robert V. Rouse
9:20 – 9:50 Changes in Prostate Biopsies After Therapy for Carcinoma
Jeffry P. Simko
9:55 – 10:20 Break
BREAST AND SOFT TISSUE (CONT’D) – MODERATOR: RICHARD K. SIBLEY
10:20 – 10:50 Difficult to Recognize Cancers and Their Mimics
Yunn-Yi Chen

CARRINGTON LECTURESHIP
10:55 Introduction
Stephen J. Galli
11:05 – 12:00 pm Charles Carrington and Lung Pathology: Then and Now
Thomas V. Colby
12:00 – 1:30 Carrington Lectureship Luncheon – 36th Floor

LUNG (CONT’D) – MODERATOR: RICHARD K. SIBLEY
1:30 – 2:10 Lung involvement in the Collagen Vascular Diseases
Thomas V. Colby
2:15 – 2:55 Problems in the Diagnosis of Columnar Cell Lesions in the Breast
Richard K. Sibley
3:00 – 3:15 Break
3:15 – 3:45 An Approach to the Diagnosis of Pseudosarcomatous Proliferations
Jesse K. McKenney
3:50 – 4:55 Myxoid Lesions of Soft Tissue
Richard L. Kempson
5:00 Adjourn

CARRINGTON LECTURESHIP

Thomas V. Colby, M.D.
Dr. Colby was born in western Massachusetts and attended Amherst Regional High School. He started at Tulane University in New Orleans, Louisiana, but transferred to Stanford University from which he graduated in 1969. Dr. Colby was active in track and field and in 1968 was on the NCAA Division IA All American Team.

Dr. Colby attended the University of Michigan Medical School and went on to residency training in pathology at Stanford University Hospital. He stayed on the staff at Stanford University Hospital as an Assistant Professor until 1983 when he moved to the University of Utah as an Associate Professor and Director of Surgical Pathology. In 1986 Dr. Colby went to Mayo Clinic in Rochester where he remained until 1993 when he transferred to Mayo Clinic Scottsdale where he has been a Consultant in surgical pathology and Professor of Pathology in the Mayo Medical School.

Dr. Colby practices general surgical pathology and cytology. Early in his career he was involved in a number of published studies in lymphomas, but since collaboration with Charles Carrington, which began in 1975, Dr. Colby’s primary interest has been in the area of pulmonary pathology and he has written and lectured widely in that area to pathologists, clinicians, and radiologists. He has over 250 publications in peer-reviewed journals with the majority of the recent publications in the area of diffuse lung disease.

Mail: Complete course registration form and send with payment to: UCSF Office of Continuing Medical Education P.O. Box 45368 San Francisco, CA 94145-0368
Fax: Fax completed registration form to (415)502-1795 (be sure to include your credit card number)

To register by phone or to inquire about registration status, please call UCSF’s CME Registration Office at (415) 476-5808.

Refunds: Cancellations received in writing on or before May 26, 2004, will be refunded, less a $75 administrative fee. No refunds will be made on cancellations received after that date.
