13th Annual UCSF
Current Issues in Anatomic Pathology

June 3-5, 2010

New! Daily Self-Assessment Modules (SAM) will be offered for special SAM CME credit hours

CytoLOGY SEMINAR
Wednesday, June 2, 2010
This annual course addresses a wide range of topics in anatomic pathology and explores new and evolving areas in the diagnosis and analysis of disease. It aims to provide the latest practical and theoretical information that will aid the practicing pathologist in solving those problems most often encountered in the anatomic pathology laboratory.

An audience response system will facilitate questions and discussion. A complete course syllabus will be provided for all participants. Participants will be able to register for either the entire three-day meeting or for any combination of individual one-day blocks.

OVERALL OBJECTIVES:
To identify areas of diagnostic difficulties and challenges in everyday surgical pathology and cytopathology practice, and to provide expert insight on selected topics through didactic lectures, tutorial sessions and interactive reviews. Each day's lectures are centered on a specialty theme: breast pathology (Thursday); gynecologic pathology (Friday); and genitourinary pathology (Saturday). Lunchtime video tutorials cover a larger spectrum of specialties in surgical pathology.

This year the course will offer a new method of educational activity in the form of Self-Assessment Modules (SAM). Participants can receive additional CME credit by taking a multiple choice exam based on content presented earlier in the day. The moderators will then discuss the questions and answers with the audience. Audience members are encouraged to engage the moderators with their own questions during this review.

We expect that at the end of this course, the participants will be able to:
1. Identify common mistakes and pitfalls in the diagnosis of breast, gynecologic and genitourinary diseases in everyday surgical pathology
2. Improve competence in recognition of mimickers of specific diseases in each specialty and improve ability to interpret special studies for more effective differential diagnosis
3. Improve understanding of the histopathological characteristics of diseases that will foster unequivocal diagnosis
4. Identify new and additional components of the pathology report that will improve the clinical value of the pathology report
5. Integrate recent changes/modifications in the pathological classification of diseases or lesions to affect improved patient outcomes.
# Cytology Seminar

- Separate fee required; limited registration

## THURSDAY, JUNE 3

Christopher P. Crum, MD
Professor, Department of Pathology, Harvard Medical School; Director, Women’s and Perinatal Pathology, Brigham and Women’s Hospital

Dr. Christopher Crum has long been regarded as one of the world’s pre-eminent gynecologic pathologists. A graduate of the University of Virginia School of Medicine, Dr. Crum completed his residency in Pathology at the University of Virginia and in 1981. In 1987 he moved to the University of Virginia and in 1990 he joined the faculty at Harvard Medical School. At present, he is Professor of Pathology at the Harvard Medical School and Director of Women’s and Perinatal Pathology at Brigham and Women’s Hospital. Dr. Crum has had an incredibly creative and productive career. He has published over 200 peer reviewed articles addressing virtually every aspect of gynecologic pathology, including dysplasia and carcinoma of the vulva and cervix, including many important studies on HPV, hyperplasia and carcinoma of the endometrium, trophoblastic disease, and, most recently, pelvic serous carcinoma. He has authored 48 book chapters and reviews and 3 books, including the highly regarded reference text Diagnostic Gynecologic and Obstetric Pathology. Dr. Crum is a popular speaker at national and international pathology and gynecologic oncology meetings. His first course for the International Academy of Pathology/USCAP, Neoplasia, Preneoplasia and Pseudoneoplasia of the Female Genital Tract was a revelation, and since that course was launched in 1984 he has been in continuous demand as a speaker/course director at USCAP and ASCP meetings. In addition to his short courses Dr. Crum has been invited to lecture at medical meetings in every part of the world. Dr. Crum is a member of many medical societies, including the United States-Canadian Academy of Pathology (USCAP) and the International Society of Gynecologic Pathologists and he serves on the editorial boards of a number of prestigious medical journals. He was president of USCAP in 2007-2008 and continues to be active in a leadership role with the society. He last spoke at the UCSF Current Issues in Anatomic Pathology in 2006, and we are pleased that he returns now, in 2010, to be the Henry Moon Lecturer.
ACCREDITATION
The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

UCSF designates this educational activity for a maximum of 17.75 AMA PRF Category 1 Credits™, the Cytology Workshop (MAP1001B) is designated 5.75 Category 1 Credits™. Each optional lunch tutorial is designated 1 AMA PRF Category 1 Credits™. Each physician should only claim credit commensurate with the extent of their participation in the activity. This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

GENERAL INFORMATION
Advanced registration closes one (1) business day prior to start of course. On site registration fees, if applicable, will be applied after this date.

HOW TO ENROLL
Tuition:
$645 Physicians
$275 Physician's Day Rate
$250 Cytology Seminar*
$275 Interns/Residents/Fellows
$110 Interns/Residents/Fellows Day Rate
$75/each Lunch Tutorials*

*limited enrollment

Payment can be made by Visa, MasterCard, AmEx or check.

REGISTER VIA:
Online: www.cme.ucsf.edu
Mail: Complete course registration form and send with payment to:
UCSF Office of CME
P.O. Box 45368
San Francisco, CA
94145-0368
Fax: Fax completed registration form to:
(415) 502-1795 (be sure to include your credit card number)

ON-SITE REGISTRATION
Generally we are able to accommodate on-site registration at our courses. To register by phone or to inquire about registration status, please call UCSF’s CME Registration Office at (415) 476-5808. Please check our website for up-to-date information on the course: www.cme.ucsf.edu.

REFUND POLICY
Cancellations received in writing before the first day of the course will be refunded, less a $75 administrative fee. No refunds will be made on cancellations received after that date.

CONFERENCE LOCATION
Enjoy San Francisco’s renowned attractions such as the historic cable cars, shopping in Union Square, or visit San Francisco’s culinary hub at the Ferry Building. The Hotel Nikko is just steps from Union Square and the Theatre District.

A block of guestrooms has been reserved at the special UCSF conference rate of $175/night. You are urged to make your reservations early. The cut off date is May 8, 2010, or until the group room block is filled. After this date, rooms will be provided on a space-available basis only. If you prefer to phone in your reservation, please identify yourself as a member of this conference to receive the special rate.

To make hotel reservations on-line, go to www.hotelnikkosf.com, use the Group code: SUCCSS.

If you prefer to telephone in your reservation, call 415-394-1111 or 800-248-3308, please identify yourself as a member of this UCSF conference to receive the special rate.

By staying at the host hotel, you help UCSF meet its contractual obligations and keep registration fees reasonable.

RENTAL CAR
Hertz is offering special rates for participants of this conference; simply call 800-645-2240 and refer to CV #03BW0129, or call your travel agent. You may also make reservations at www.Hertz.com. Advance reservations are recommended.

AIR TRANSPORTATION
Special arrangements have been made with Montgomery Travel Simply call (800) 391-2287 8:30-5:30pm PST or complete the form on the UCSF web page at www.montgomerytravel.com. In addition to offering lower rates than published airfares, ticketed passengers may take advantage of the after hours emergency service. There is a $40 service fee.

UCSF has negotiated special fares with American and United Airlines for our course attendees. You may use the following tour codes to book on your own:
American (800) 433-1790 code: 1310SS
United (800) 521-4041 code: 510CF
Cytology Seminar

Wednesday, June 2, 2010  Enrollment in this seminar is limited to 18 persons and will be determined on a first-come, first-served basis. At the end of the cytopathology course, the learner will be able to identify common problem areas in gynecological and non-gynecological cytology specimens, recognize potential pitfalls, develop a differential diagnosis, and a management plan. The learner will be able to identify the practical benefit and interpretation of special techniques including immunohistochemistry and molecular analyses. The seminar will be held on the University of California, San Francisco campus in rooms HSW-532 and M-557. Shuttle service will be provided between the Hotel Nikko and UCSF.

Seminar Registration Fee: $250
Please call the registration office (415-476-5808) to verify space is available before sending payment for the Cytology Seminar. Online registration will be closed once the seminar is full.
